In re patent of:  BACHMANN <i>et al.</i>  Patent. No.: 7,279,165 B2  Issued: October 9, 2007  For: <b>Amyloid <math>\beta</math>1-6 Antigen Arrays</b>	Confirmation No.: 5998  Art Unit: 1648  Examiner: Horning, Michelle S.  Atty. Docket: 1700.0350002/BJD/GAL
--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------	------------------------------------------------------------------------------------------------------------------------------

**Request Under 37 C.F.R. § 3.81(b) For Correction of Patent to  
State the Name of An Assignee**

Commissioner for Patents  
PO Box 1450  
Alexandria, VA 22313-1450

**Attn: Mail Stop PETITIONS**

Sir:

It is hereby requested under 37 C.F.R. § 3.81(b) that the above-captioned United States Patent be corrected to state the name of co-assignee Novartis Pharma AG, which would be in addition to the name of co-assignee Cytos Biotechnology AG (whose name is included in the Assignee information shown on the face page of the issued patent). The assignment to Novartis Pharma AG was recorded in the Assignment records of the USPTO on January 23, 2004, beginning at Reel No. 014280, Frame No. 0677; a copy of the Notice of Recordation reflecting the recordation of this Assignment is appended hereto.

Thus, the application that resulted in the issuance of the captioned patent was assigned to both Cytos Biotechnology AG and Novartis Pharma AG during the pendency of the application. Patentees note, however, that the Form PTOL-85B that was submitted with payment of the Issue Fee in the captioned matter on April 25, 2007, listed only Cytos Biotechnology AG as the assignee and erroneously did not list Novartis

Pharma AG as an assignee. Patentees hereby state that this error was inadvertent and occurred without deceptive intent.

In accordance with the decision on Request for Certificate of Correction mailed July 21, 2008, Patentees thus respectfully request that the Assignee of the captioned patent be corrected under 37 C.F.R. §3.81(b) to properly add Novartis Pharma AG as an assignee, such that both Cytos Biotechnology AG and Novartis Pharma AG are of record as assignees of the captioned patent. Patentees also respectfully request that the file of the captioned patent be forwarded to the Certificates of Correction Branch of the USPTO for issuance of a Certificate of Correction in this matter, to reflect the addition to the captioned patent of Novartis Pharma AG as an assignee thereof. It is respectfully believed that issuance of a Certificate of Correction to add Novartis Pharma AG as an assignee is proper, as the assignment was recorded prior to issuance of the patent.

**Remarks**

The above-noted correction does not involve such changes in the patent as would constitute new matter or would require reexamination.

This request is accompanied by payment of the \$130.00 fee set forth in 37 CFR § 1.117(h), as well as payment of the \$100.00 fee for issuance of a Certificate of Correction under 37 CFR § 1.323. Fee payment is provided via online credit card payment through EFS-Web. The Commissioner is hereby authorized to charge any fee deficiency, or credit any overpayment, to our Deposit Account No. 19-0036.

Prompt and favorable consideration of this Request, correction of the Assignee, and issuance of a Certificate of Correction reflecting this correction of the Assignee, are respectfully requested.

Respectfully submitted,

STERNE, KESSLER, GOLDSTEIN & FOX P.L.L.C.
